

KINDNESS INITIATIVE

Kindness has been shown to cause a ripple effect. Research shows if you show kindness to one person, that person will show kindness to four people and those four people will show kindness to four more people and so on. These exchanges of kindness can change the world.

Lower Dauphin Communities That Care (LD CTC) and the LD Connections Club believe in this “be kind” attitude and have launched their first **Kindness Initiative** focused on intentional acts of kindness in our schools, workplaces and the community. We are challenging kids of all ages and adults in our community to simply be kind to one another – to intentionally be kind – by offering up a smile, giving a high five, befriending someone new, or in any way you like!

LD CTC and LD Connections Club are selling “be kind” T-shirts in schools, businesses and organizations and would love to have everyone wear their “be kind” T-shirt on Fridays in April as a visible reminder to others to be kind.

Visit www.ldsd.org/ctc to learn more about the **Kindness Initiative!**
