

Yearbook Staff Application

DUE:
MARCH 1

About the Yearbook Class

Yearbook is a pass/fail class that is open to upperclassmen who are self-motivated, committed to LDHS, responsible, and willing to learn and work as a team member. Admittance to the course is at the sole discretion of the yearbook advisor (Mrs. Fehrenbach) based upon the application, teacher recommendations, staff needs and an interview.

The yearbook staff is committed to producing a memorable yearbook that is affordable, accurate, and inclusive of the entire LDHS. Staff members work in teams, lead by student leaders (editor and assistant editors) to complete various sections and design elements of the yearbook. In addition to layout/design work and editorial interviews, staff members are expected to take photographs during and outside of the school day at various school events.

You are required to complete an application and two teacher recommendations in order to be invited for a yearbook interview. See the links at the bottom of the page for applications and recommendation forms. **All forms need to be submitted by March 1st.**
