

How to create a parent account in Canvas

- Observers will create a Canvas account using the institution's Canvas URL. These steps are relevant to any institution that allows the self-registration banner on their Canvas URL login page.
- To observe a student, you must know the student's Canvas username and password.
- The student must be enrolled in the course and must accept the course invitation before you can sign up to observe the student. If you receive an *invalid username or password* message during the signup process and the student's credentials are correct, check with the student to verify that he or she has received and accepted the course invitation.
- These steps must be completed through the web version of Canvas. The observer signup process cannot be done through the mobile app.

You agree to the [terms of use](#) and acknowledge the [privacy policy](#).

Start Participating

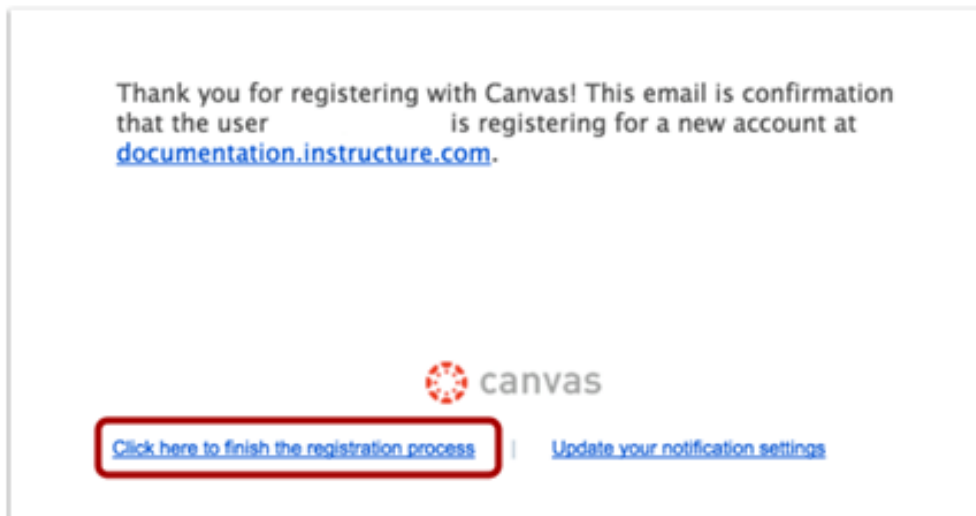

Your child's canvas username is the same as their Lower Dauphin SD **network username**. **(It is not their whole email account)** If they do not know their account they can ask for assistance at the Student Help Nest located in the high school media center.

Use Canvas

While your account is not entirely set up, you can begin participating in Canvas immediately by clicking the **Get Started** button. To finish registering for Canvas, log into your email account.

Complete Registration Process

Open the email from Instructure Canvas. Click the link provided to visit the provided URL and complete the registration process.

Register for a Parent Account

Welcome Aboard! 

In order to set up your account, we'll need a little more information.

Login: 1

Password: 2
